

John Dosio's Compound

Cardia1 (Pedro Quintela)

May 23rd 2008

Objectives:

- Loot Goal: 5800 (Normal), 6000 (Hard), 6200 (Expert)
- Try to get to yourself the ancient medallion.
- If possible try to get to yourself the Rosary of Brother St. Renault.
- Find Geraldo and kill him!
- Once you're finished with all this mess get back to the starting point.

Where's the Rosary?

Both the rosary and the medallion are on small tables on either side of the big portrait of Cardia1, the FM's author.

Where's Geraldo?

He looks like a No-KO mechanist, and you'll find him in the large "portrait gallery" of Cardia1's family. It's in the SE part of the map.

Geraldo—prepare for a long battle, as he's hard to kill.
